#####

This case is before the Court on Defendant's motion for JNOV or, alternatively, for reduction in the rate of the post-judgment interest and the amount of attorneys' fees awarded. The matter has been briefed, the Court is familiar with the circumstances and having considered the arguments of counsel, the matters of record, controlling law, and being otherwise sufficiently advised, concludes it must **OVERRULE** the motion.

This is a final and appealable judgment as it resolves all remaining disputes between the parties and there is no just cause for further delay.
